mission field

C.W. and Leslie would like to share with you what the Lord Jesus Christ has made possible through their lives. C.W. and Leslie accepted Jesus Christ as their Lord and Savior early in life. They were married in 1987 and have one son, Claude. In the years following their marriage, C.W. and Leslie matured together in their Christian faith. C.W. served the local church in such roles as deacon, Sunday school teacher and interim pastor while Leslie served as Sunday school teacher and WMU director.

In 1994, Bing's Well Drilling, Inc. was established and served the residential and commercial community for many years. The Lord blessed C.W. and Leslie with a successful business which provided the freedom to be involved in foreign mission outreach. There were able to minister in such areas as Mexico, South America, and Africa. It was during C.W.'s work in Sudan repairing and drilling water wells that the Lord called him and Leslie to full-time mission outreach in Africa. In October 2005, the Lord laid it upon their hearts to dissolve Bing's Well Drilling, Inc.

On December 30th, 2005, C.W. and Leslie officially closed their well drilling business in order to become full-time missionaries to Zambia, Africa. The Lord closed one door and opened another by leading them to establish a non-profit ministry, Water for the Oppressed, Inc. The ministry vision is to reach the rural people of Zambia with water for the body and living water for the spirit. Water for the Oppressed invites you to become a partner as we become the extended hands and feet of Jesus to the people of Zambia.

the facts

Water is the most precious resource known to man and is a basic necessity. Without access to clean, bacteria-free water, our lives would be dramatically different. We would spend countless hours searching for potable water each day. As a result, we would run the risk of contending with sickness and disease from tainted water supplies.

We are blessed with clean water and enjoy many luxuries because of it. Yet, in many parts of the world, such as Zambia, people struggle each day to find clean drinking water just to survive. Can you imagine that?

who we are

Water for the Oppressed (WFTO) is a faith based organization focused on meeting the needs of the oppressed by providing clean drinking water.

WFTO was formed in 2005 after C.W. Bing returned from Africa and realized the tremendous need for clean water and how the love of God could be demonstrated through meeting these water needs.

In May 2006, WFTO was incorporated as a 501 (c) (3) non-profit organization. We are now moving forward in ministering to the people of Zambia, Africa by drilling water wells and sharing the Gospel of Jesus Christ.

consider these points

884 million

the number of people who do not have access to clean water

4 billion

cases of diarrhea recorded each year as a direct result of drinking contaminated water

7 miles

the distance women walk to collect dirty, polluted water during the dry season

5,000

the number of children that die each day because they lack clean water

Involvement

Water for the Oppressed requests your partnership. We need your prayer support not only for our needs and efforts but also for the Zambian people. Prayer is a powerful tool which can open mission opportunities in hard to reach rural areas. In addition to prayer support, WFTO invites you to become a financial partner as we reach the Zambian people with water and The Word. Your prayer and financial partnership will provide the following key items:

- Water Wells
- Hand Pump Repairs
- Bibles for Evangelism Outreach
- Jerry Cans for Improved Hygiene

mission statement

Making disciples and demonstrating God's love to the oppressed, by bringing physical life through clean water and spiritual life by proclaiming the living water of the Gospel of Jesus Christ.
